National Conference for Democratic Change
Preparatory committee
Addis Ababa

Dear Sir,

First of all, we congratulate for the successful preparing meeting of the National Conference for Democratic Change and we wish every success to the preparatory committee.

Eritrean Kunama Relief Association (EKRA) is one of the known civic organizations working mainly within Kunama community in Shimelba refugee camp. EKRA has a very good reputation in its accomplishments and revealing the atrocities done upon Kunama people by PFDJ regime.

We hope the National Conference for Democratic Change that to be held in July 2010 will be a heavy blow to PFDJ regime, so that our unity strengthens to the point that this rogue regime shall be overthrown.

As an Eritrean civic organization; EKRA, hereby and per the announcement made by the preparatory committee has forwarded its application to participate in this forth coming National Conference expected to be held in July 2010.

In addition to this letter, we enclosed the historical and founding background of Eritrean Kunama Relief Association (EKRA) including its founding leadership, and the accomplishments achieved in the past ten years.

Looking forward to hear the best, we thank and wish you all the success.
We wish a great success to the National Conference for Democratic Change and the best time for the preparatory committee.

National Conference for Justice and Equality!!

Ruben Samuel
Head, Executive Committee
